Medical Library JAN 1 1943

CURRENT LIST of MEDICAL LITERATURE

VOL. 3 December 17, 1942 No. 25

SUBJECT GROUPS ACCORDING TO JOURNALS

1. Anatomy; Histology
2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
5. Bacteriology; Parasitology
6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
8. Cancerology
9. Cardiovascular System
10. Chemistry; Physics
11. Dentistry; Stomatology
12. Dermatology
13. Diagnosis; Clinical Methods
14. Dietetics; Foods; Nutrition
15. Digestive System
16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
19. Gynecology; Obstetrics
20. Hematology
21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
23. Hospitals
24. Immunology; Serology
25. Industrial Hygiene; Sociology
26. Infectious Diseases; Epidemiology
27. Medicine
28. Metabolism
29. Military and Naval Medicine
30. Miscellaneous
31. Neurology; Psychiatry
32. Nursing
33. Ophthalmology
34. Otorhinolaryngology; Phoniatry
35. Pathology
36. Pediatrics; Child Welfare
37. Pharmacology; Pharmacy
38. Physiology
39. Psychology; Mental Hygiene
40. Public Health; Sanitation
41. Radiology; Phototherapy
42. Respiratory System
43. Surgery; Traumatology
44. Therapeutics
45. Tropical Medicine
46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
49. Veterinary Medicine
50. Zoology

5. Bacteriology; Parasitology

Mycologia, Lancaster, 1942, 34: No. 6,

PADY, S.M. Distribution patterns in Melampsorella in the national forests and parks of the western states. 606-27.
BEXFORD, C.L. A taxonomic study of the genus Hansenula. 628-49.
DAVIDSON, R.W. Some additional species of Ceratostomella in the United Syayes. 650-62.
BONAR, L., & COOKE, W.B. Some new interesting fungi from Mount Shasta. 663-8.
CUMMINS, G.B. Revisionary studies in the tropical American rusts of the Panicum, Paspalum and Setaria. 669-95.
MARTIN, G.W. Taxonomic notes on myxomycetes. 696-704.

8. Cancerology

Cancer Res., 1942, 2: (Dec.)

TWOMBLY, G.H., & TAYLOR, C., JR. Inactivation and conversion of estrogens in vitro by liver and other tissues from human cancer patients and from mice of strains susceptible to mammary carcinoma. 811-7.
LEVISOHN, R., LEUCHTENBERGER, C. ET AL. Influence of a polished rice diet upon spontaneous mammary cancers in mice treated with yeast extract. 818-22.
BALL, H.A. Effect of intravenous glycogen administration on the rate of growth of the Walker carcinosarcoma 256 and sarcoma 180. 823-7.
POLLACK, M.A., TAYLOR, A., & SORTOMME, C.L. The effect of variations in oxygen pressure upon tumor transplants. 828-32.
GRANT, W.C., & KRANTZ, J.C., JR. The mechanism of action of certain urea derivatives on normal and tumor tissue. 833-6.
HARTUNG, E.W., JR. The effects of roentgen radiation on tumor incidence in Drosophila melanogaster. 837-40.
KIRSCHBAUM, A., & STRONG, L.C. Influence of carcinogens on the age incidence of leukemia in the high leukemia F strain of mice. 841-5.

J. Nat. Cancer Inst., 1942-43, 3: (Oct.)

ANDERVONT, H.B., GRADY, H.G., & EDWARDS, J.E. Induction of hepatic lesions, hepatomas, pulmonary tumors, and hemangio-endotheliomas in mice with o-amino-azotoluene. 131-53.
LEITER, J., SHIMKIN, M.B., & SHEAR, M.J. Production of subcutaneous sarcomas in mice with tars extracted from atmospheric dusts. 155-65.
LEITER, J., & SHEAR, M.J. Production of tumors in mice with tars from city air dusts. 167-74.
STEWART, H.L., & LORENZ, E. Adenocarcinoma of the pyloric stomach and other gastric neoplasms in mice induced with carcinogenic hydrocarbons. 175-89.
EDWARDS, J.E., DALTON, A.J. ET AL. A spontaneous fibrosarcoma of the foreleg and paw in C3H mouse. 191-8.
LIPPINCOTT, S.W., EDWARDS, J.E. ET AL. A review of some spontaneous neoplasms in mice. 199-210.
BLUM, H.F., & LIPPINCOTT, S.W. Carcinogenic effectiveness of ultraviolet radiation of wavelength 2537A. 211-6.

CARRUTHERS, C., & SUNTZEFF, V. Influence of limited application of methylcholanthrene upon epidermal iron and ascorbic acid. 217-20.
WICKS, L.F., & SUNTZEFF, V. Reduction of total lipid-protein nitrogen ratio of mouse epidermis by a single application of methylcholanthrene. 221-6.

9. Cardiovascular System

Am. Heart J., 1942, 24: (Nov.)

MILLER, H.R. The interrelationship of disease of the coronary arteries and gall bladder. 579-87.
BUTTERWORTH, J.S., & POINDEXTER, C.A. Auricular flutter associated with bizarre QRST complexes. 588-92.
MAYERSON, H.S., & DAVIS, W.D., JR. The influence of posture on the electrocardiogram. 593-601.
BLOOM, N., & GILBERT, D. The auricular complex in coronary thrombosis. 602-6.
DELANEY, J.H., & KEYES, J.W. The Weltmann serocoagulation band in myocardial infarction. 607-26.
KATZ, L.N., GOLDMAN, A.M. ET AL. The diagnosis value of the electrocardiogram based on an analysis of 149 autopsy cases. 627-53.
FLAXMAN, N. Dissecting aneurysm of the aorta. 654-64.
KLINE, E.M., & FETTERMAN, F.L. Electrocardiographic changes following electrically induced convulsions. 665-70.
MULINOS, M.G., & LESLIE, A. Studies on coronary occlusion; the effect of digitalis on the RS-T segment of the electrocardiogram after coronary ligation. 671-8.
LESLIE, A., & MULINOS, M.G. Studies on coronary occlusion; vasodilators and the coronary circulation; experimental observations. 679-84.
GARRISON, R.E., & FELDT, R.H. Congenital pulmonary stenosis with closed cardiac septa; report of a case with comments regarding the circulation time. 685-8.
SPAIN, D.M., & JOHANNSEN, M.W. Three cases of localized gummatous myocarditis. 689-95.
ELIASER, M., JR., & KONDO, B.O. Electrocardiographic changes associated with acute porphyria. 696-702.
STEIN, W., & REVITCH, E. Traumatic rupture of the right ventricle an unusual case. 703-5.

10. Chemistry; Physics

J. Phys. Chem., 1942, 46:

HELLER, W. Reversible aggregations of colloidal particles; isothermal reversible sol syneresis. 783-93.
MOELLER, T. Contributions to the chemistry of indium; the effects of certain hydroxy anions upon the precipitation of hydrous indium hydroxide. 794-800.
BREDIG, M.A. The polymorphism of calcium carbide. 801-19.
LEAF, B., & WALL, F.T. Separation of gas mixtures by thermal diffusion. 820-6.
ANTHONY, R.L., CASTON, R.H., & GUTH, W. Equations of state for natural and synthetic rubber-like materials. 826-40.

11. Dentistry; Stomatology

Bull. Virginia Dent. Ass., 1942-43, 19:

OLIVER, O.A. Some problems of organized dentistry in the present emergency. 43-9.
ROBINSON, J.B. Dentistry, the old way and a new era. 49-58.

Contact Point, 1942-43, 20: (Nov.)

BURKE, A.D. Effect of various procedures on the theoretical amount of calculus formation. 131-6.
CASTLE, G.E. The composition, welding and soldering properties of stainless steel as applied to orthodontics. 137-9.
MERRIMAN, A.F., JR. Dentistry in 2000 A.D. 152-6.

Dent. Items, 1942, 64: (Nov.)

BODECKER, C.F., & THOMAS, D.O.A. Results of organotherapy in the treatment of dental caries. 1034; passim.
STOLZENBERG, J. Orthodontic diagnosis and its relation to naso-respiratory dysfunction. 1052-67.
DURBECK, W.E. Removal of impacted third molar tooth. 1068; passim.
LIPTZ, W. Focal infection in dentistry and its relation to general medicine. 1079-86.
MITTLEMAN, G. Root canal therapy, a mechanical problem. 1089-97.
LESSARD, P.J. The cast acrylic veneer crown. 1098-1105.
CHANAUD, N.P. Unusual denture case. 1106-8.
BELDING, P.H. Orthodontic facts versus fallacies. 1111-4.

J. Am. Dent. Ass., 1942, 29: (Dec.)

MAUK, E.H. A classification of mutilated dental arches requiring treatment by removable partial dentures. 2121-31.
FOSDICK, L.S. The etiology and control of dental caries. 2132-9.
STEENEY, J.T. The Class 5 amalgram restoration. 2140-4.
GLICKMAN, I., & GLIDDEN, H.S. Paget's disease of the maxillae and mandible; clinical analysis and case reports. 2144-51.
SMITH, R. Etiology and classification of parodontosis, pyorrhea alveolaris. 2152-4.
JONES, R.R. A procedure for making a lower partial denture with a spring stress-breaker. 2154-61.
MOOREHEAD, F.R. Use of sulfonamides in oral surgery. 2162-6.
BARTLETT, A.A. Some principles of modern fixed bridge construction. 2166-73.
MAIN, L.R. The use of the roentgenogram in operative dentistry. 2174-8.
KOLLEN, D.M., & SCHWARTZ, M. Apicoectomy prior to pulp canal filling. 2178-81.
BEAR, H. History of the Virginia State Dental Association from 1870 to 1942. 2182-6.
GIES, W.J. The soul of dentistry is marching on. 2187-97.
HODGKINS, W.N. The Virginia Society of Surgeon Dentists. 2197-2207.
SCHROFF, J. Sarcoid of the face, Besnier-Boeck Schaumann disease; report of a case. 2208-11.
FILGUEIRAS, J. Importance of bacteriologic tests in root-canal therapy. 2211-5.
GLUPKER, H. Complete denture impression materials, their application and manipulation. 2216-20.
WEAVER, E.J. Importance of systematized prophylaxis and its relation to dental replacements. 2220-5.
SAFFIR, J.A. Evaluation of acrylics for masticatory surface restorations. 2226-30.
FOSTER, L.W. Dental conditions in white and Indian children in northern Wisconsin. 2251-5.
CHILDS, L. Validity of statutes requiring owners and operators of dental offices to be licensed dentists. 2263-5.
LYNCH, D.F. Contribution of the dental profession to continental solidarity and understanding. 22-66.
MEMBERSHIP page; percentage of dues received in central office as of October 31, 1942, as compared to 1941 membership. 2268.
MILLER, E.L. Anodontia of the deciduous dentition. 2276.
CARRICK, W.S. A migrating impacted tooth. 2276.
SIEGEL, M.T. Supernumerary tooth. 2277.
REICHENSTEIN, G.L. Replacement of broken bridge pontic. 2277.

Schweiz. Mschr. Zahnh., 1942, 52: (July)

ANGIOLINI, S. Pseudo-paralisi della regione mandibolare destra di origine dentaria. 613-5.

13. Diagnosis; Clinical Methods

Bradwohl Lab. Digest, 1942-43, 6: No. 6, (Nov.)

DIAGNOSTIC procedure for staining spirochaeta pallida in sections or smears, a 20-minute technique. 1.
DELAYED planting of gonococcus cultures. 2.
STAINING Rickettsiae in tissue sections, Ordway. 2.
PETRICH'S method for cultivation of B. tuberculosis. 3.
DEMONSTRATION of Negri bodies and Gram positive and Gram negative organisms in frozen sections, Krajian. 4.
PLASTIC tubing to conserve rubber. 4.
SHIGELLA-Salmonella agar for the isolation of Flexner dysentery bacilli from the feces. 7.
CROWLEY, W.D., JR. Method of developing and fixing latent fingerprints and mechanical erasures. 8-11.

14. Dietetics; Foods; Nutrition

J. Am. Diet. Ass., 1942, 18: (Dec.)

PARSONS, H.T., & COLLORD, J. Human utilization of thiamin and riboflavin in yeast. 805-10.
BARTLETT, A.C. Food in the present emergency. 811-4.
HUGHES, O., & HARRIS, H. Foods that disagree with healthy people; the influence of method of preparation on the disturbing effects of onions. 815-7.
KAY, S.G. Present supply and use of fats and oils. 818-20.
PORTER, H.L. Opportunities for Negro women in the field of dietetics. 821-4.
PORTER, M.T. Policies, procedures and standards of public institutions. 825-30.

ROBERTSON, H. The dietitian and the salvage program. 832.
PORINTON, H.J., & SCHUCK, C. Ascorbic acid requirements as determined by blood and urinary levels. 833.
BINNS, G.H. Saving time and energy in food productions and service. 834-6.
ELIASON, W. Emergency economies. 836.
PETT, L.B. Nutrition now and later. 837-9.
KELLY, M.C. The industrial cafeteria, a school for nutrition. 840.
INSTRUCTOR'S outline for canteen aide course. 841.

J. Nutrit., 1942, 24:

BEACH, F., TEAGUES, D.M. ET AL. The sulfur metabolism of children. 257-71.

18. Genetics; Eugenics

Eugen. News, 1942, 27: (Sept.)

NEWS notes on human heredity and eugenics. 17.
DUDLEY, F.C., & ALLEN, W. Mating customs in North Carolina, 1750-1900. 19.
COOK, R. The size of mating groups. 20.
FOLSOM, J.K. Education for family life; a review. 23.

Genetics, 1942, 27: (Nov.)

POWERS, L. The nature of the series of environmental variances and the estimation of the genetic variances and the geometric means in crosses involving species of Lycopersicon. 561-75.
MARSHAK, A., & MALLOCH, W.S. The effect of fast neutrons on chromosomes in meiosis and its bearing upon pachytene pairing. 576-83.
ROBERTS, L.M. The effects of translocation on growth in Zea mays. 584-603.
MARENGO, N.P., & HOWLAND, R.B. The effect of the gene abdomen rotatum on the development of Drosophila melanogaster. 604-11.
RUSSELL, E.S. The inheritance of tumors in Drosophila melanogaster, with especial reference to an isogenic strain of st sr tumor 36a. 612-8.
FROST, H.B., & KRUG, C.A. Diploid-tetraploid periclinal chimeras as bud variants in Citrus. 619-34.
SKIRM, G.W. Bivalent pairing in an induced tetraploid of Tradescantia. 635-40.
ZWILLING, E. The development of dominant rumplessness in chick embryos. 641-56.

19. Gynecology; Obstetrics

Rev. gin. obst., Rio, 1942, 36: pt 2, (Sept.)

HORTA BARBOSA, L.A. Novo caso de enfisema sub-cutaneo durante o parto. 151-5.
REZENDE, J. DE. Primeiros resultados do diagnostico radiologico da placentacao baixa pelo metodo de Ude, Weum e Urner. 156-70.
SODRE BORGES, R. Oncologia clinica. 171-4.
LOBO SOBRAL, A. Bacia assimetrica; desencadeamento medicamentoso prematuro do trabalho. 175-84.
MACHADO HORTA, H. Torsao de anexo portador de quisto dermoide do ovario com seu destacamento e parasitacao do tumor no epiploon. 186-90.

BRINDEIRO, D. Enfisema subcutaneo cervico toracico. 192-5.
PAES BARRETO, E. Monstros cefalotoracopagos monosimetricos. 195-200.

21. History; Biography; Bibliography

Bull. Hist. M., 1942, 12:

ACKERKNECHT, E.H. Primitive medicine and culture pattern. 545-74.
GENUNG, E.F. The development of the compound microscope. 575-94.
MC DANIEL, W.B., II. The William N. Bradley Collection in the Library of the College of Physicians of Philadelphia; an iconography of Philadelphia physicians as they are represented in works of art. 616-8.

22. Homeopathy; Osteopathy, &c.

J. Nat. Ass. Chiropod., 1942, 32: No. 11,

GARLAND, M.F. Shoe therapy, facts and fallacies. 6-12.
CAMISSA, F. Freiberg's infraction of the second metatarsal; a case history. 13.
ELVICH, S.S. Diagnosis in podiatry. 15-7.

23. Hospitals

Bol. Sanat. S. Lucas, S. Paulo, 1941-42, (May)

ALMEIDA MACHADO, P. DE. Tireoidite linfadenoide de Hashimoto. 163-8.
SALDANHA FARIA, J. Pseudoquisto calcificado do pancreas. 169; passim.

Hosp. News, Wash., 1942, 9: No. 13,

KNIGHT, H.C., & PRICE, D.E. The continuous treatment card system for handling syphilis in transients. 1-5.
SHIMKIN, M.B., ZON, L., & SMITH, R.R. Intracranial metastases of primary pulmonary carcinoma; a diagnostic difficulty. 5-17.
KNIGHT, H.C. Ureteral constrictions. 1-8.
VAUGH, R.L., & FERRAZZANO, G.P. Fractures of the metacarpals, exclusive of the thumb; a new method of treatment. 8-11.

Hosp. Topics, 1942, 20: No. 11,

WOLF, E.C. The present status of hospital supplies. 24-6.

J. Mount Sinai Hosp. N. York, 1942-43, 9:

SACHS, B. On arrested cerebral development, with special reference to its cortical pathology. 283-91.
SACHS, B. The first neurological division in New York City, at the Mount Sinai Hospital. 292-5.
ALPERS, B.J. Tumor of the iter and fourth ventricle associated with a meningomyelocele and absence of the cerebellum in an infant of 5 weeks. 296-8.
BAILEY, P. Reflections aroused by an unusual tumor of the cerebellum. 299-310.
BARKER, L.F. Acute generalized ataxia of encephalitic origin; discussion of localization of lesions. 311-3.
BASS, M.H. Tetany of the new born; a review. 314-21.

BENDER, M.B., ABRAMSON, H.A., & EHRLICH, G. Skin reactions; the effect of atropine on the mecholyl and wheaing reactions of the skin. 322-8.
BERNSTEIN, S.S., & OPPENHEIMER, B.S. Boeck's sarcoid; a report of 6 cases with one necropsy. 329-43.
BRICKNER, R.M., & STEIN, A. Intellectual symptoms in temporal lobe lesions including deja pensee. 344-8.
BROCK, S. Cerebral concussion. 349-53.
COHEN, I. Supratentorial blood vessel tumors with cyst formation. 354-62.
CRITCHLEY, M. Aphasic disorders of signalling, constitutional and acquired, occurring in naval signalmen. 363-75.
CROTHERS, B., LOUD, E., & MC GINNIS, M. Prognosis after encephalopathy in infancy. 376-83.
DANDY, W.E. Recent advances in the diagnosis and treatment of ruptured intervertebral disks. 384-8.
DAVISON, C. Disturbances in lipoid metabolism and the central nervous system. 389-406.
ELLENBERG, M., & MAYER, G.G. Observations on the effect of tocopherol on creatinuria. 407-12.
ELSBERG, C.A. The development of neurological surgery in New York City during the past 25 years. 413-8.
FRANK, R.T. Interrelation of estrogens and the nervous system. 419-31.
FREMONT-SMITH, F. The role of elongation and contraction of the inferior vena cava, coincident with respiration, in the return of blood to the heart; report of an observation on man. 432-4.
FRIEDMAN, E.D. Atypical acoustic neuromas. 435-45.
GEIST, S.H., & SALMON, U.J. The inhibitory effect of steroid sex hormones upon the gonadotropic activity of the hypophysis. 446-50.
GLOBUS, J.H. Amaurotic family idiocy. 451-503.
GOLDSTEIN, K. The 2 ways of adjustment of the organism to cerebral defects. 504-13.
GOODHART, S.P. Progressive muscular dystrophies; necropsy studies in 4 cases. 514-25.
GROSSMAN, M. Syringomyelia; clinical report of 10 cases, illustrating spinal, bulbar, and congenital types of the disease, with anatomic confirmation in 3 instances. 526-35.
HASSIN, G.B. Histopathologic observations on the changes of the eyes in a case of amaurotic family idiocy, infantile type of Tay-Sachs. 536-43.
HAUSMAN, L. Syphilitic papilledema without increase in intracranial pressure; its relation to lesions at the chiasm. 544-56.
HOWE, H.S. The technique of insulin, metrazol and electric shock treatment in psychiatry. 557-70.
HYMAN, A., & LEITER, H.E. Solitary cyst of the kidney. 571-7.
JELLIFFE, S.M. Little signs of parathyroid disturbance. 578-81.
KAPPERS, C.U.A. The mammalian homologues of some dorsal thalamic nuclei of reptiles. 582-93.
KENNARD, M.A., & FULTON, J.F. Age and reorganization of central nervous system. 594-606.
KENNEDY, F. The inter-relationship of mind and body. 607-16.
KRABBE, K.H. Some observations concerning the relationship between multiple sclerosis and chronic epidemic encephalitis. 617-20.

LIBMAN, E. Some aspects of Libman-Sacks disease. 621-9.
MALAMUD, W., & GOTTLIEB, J.S. Course and prognosis in the psychoneuroses. 630-9.
1 MARBURG, O. New studies in multiple sclerosis; parencephalomyelitis periaxialis scleroticans, acute multiple sclerosis, in various infectious diseases. 640-57.
MASTER, A.M., JAFFE, H.L., & DACK, S. The incidence of the various types of heart disease; a post mortem study. 658-62.
MOSCICOWITZ, E. Potential or latent congestive failure in the aged. 663-7.
MYERSON, A., & NEUSTADT, R. The bisexuality of man. 668-78.
NAFFZIGER, H.C., & AIRD, R.B. The regenerative capacities of nerve and muscle; an experimental study of the factors causing faulty recovery of the neuromuscular mechanism. 679-85.
2 NEUHOF, H. Prolonged depressive psychosis, toxic, due to chronic pulmonary abscess. 686.
POLLOCK, L.J., & FINKELMAN, I. Potential changes in injured and uninjured muscle during tetanus produced by stimulation by induced current. 688-97.
POLYAK, S.L. The representation of the central foveae and of the horizontal meridians in the visual radiation, radiatio optica, of the human brain. 698-707.
PUTNAM, T.J. Epilepsy and legislation. 708-16.
REESE, H.H. The significance of the meteorologic environment in the etiology of psychotic episodes. 717-33.
3 RHEINBERGER, M.B., & DA IDOFF, L.M. Posterior-fossa tumors and the electroencephalogram. 734-54.
ROSEN, S. Naso-genital relationship; nervous naso-pituitary pathway. 755-60.
4 RUBIN, I.C., & DAVIDS, A.M. Study of cutaneous hyperalgesia and the viscerosensory reflex of uterus and tubes by means of uterotubal insufflation. 761-6.
SACHS, E. Hydrocephalus; analysis of 98 cases. 767-91.
SANDS, I.J. The type of personality susceptible to Parkinson disease. 792-4.
SOBOTKA, H. Chemical differentiation of Tay-Sachs disease and other lipoidoses. 795-8.
5 SPERRY, W.M. The biochemistry of the lipoidoses. 799-817.
TIMME, W. Periodicity in endocrinopathic states. 818-25.
WAGNER, L.C. Bone block for paralytic and spastic equinus; a study of end results of 100 cases, 1925-1940. 826-31.
WARTENBERG, R. Reflexes of the abdominal and plantar muscles. 832-4.
WECHSLER, I.S. The neurotic conflict between the individual and society 835-41.
6 WEIL, A., & HETHERINGTON, A.W. Experimental tumor of the hypophysis of the white rat. 842-9.
WESSLER, H., & RABIN, C.B. Neurological manifestations of carcinoma of the lung. 850-8.
WINKELSTEIN, A. Some observations on the relationship of the vagus nerve to peptic ulcer. 859-62.
WOLFF, H.G. Headache mechanisms. 863-71.
WORTIS, S.B. The doctor prescribes. 872-5.
7 HYMAN, A. Fibrotic contracted bladder due to chronic gonorrheal infection; bilateral hydronephrotic contracted kidneys. 876-8.
COHEN, I. Metastatic carcinoma of the brain. 879-81.

Mod. Hosp., 1942, 59: No. 6,

KLEINSCHMIDT, E.E. Prevention is the keynote of clinic service in war time. 47.
AIRD, E. You can keep employes; training within industry program offers aid. 49.
BLUESTONE, E.M. Help wanted; hospitals must seek volunteers who have time to serve and who reject instinctively to the needs of the sick. 50.
BRISBANE, R.D. We are not meeting mass needs; the voluntary hospital may be doomed in the postwar world unless it can break down the growing hostility on the part of the public. 52.
MERTIN, A. Children's Hospital at Seaview. 54.
MC NEALY, R.V. The doctor went to the hospital and found it a salutary experience; here are some of the things he learned from being on the inside looking out. 56.
CLOUGH, H.D. Program of interpretation wins good will through understanding. 57.
COMPULSORY hospital insurance. 59.
KUGELMASS, I.N. Feeding and caring for postoperative patients. 61-3.
VAN NORMAN, K.H. Nurses learn care of the premature. 63.
BLAHA, J.A. One addition solves 4 problems; ambulance entrance protected, storage space provided, snow catcher eliminated, communicable disease patients housed. 64.
STASEL, A.G. Payment guaranteed; Minnesota solves the problem of collecting for treatment of automobile accident cases. 66.
HOVE, F.S. The sphere of the social worker. 67.
ADMITTING practices; 17 hospitals tell how they handle this problem, and how they would like to handle it. 69.
BISHOP, R.H., JR. Today's challenge to hospitals. 71.
